

Ring size guide

You do not have a ring: how to measure your finger

1. Wrap a string, ribbon, or paper around the base of your finger.
2. Using a pen, make a mark where the string, ribbon or paper meets.
3. Measure the size in millimeters using a ruler.
4. Look for the corresponding size in the chart below

Ring size guide

You already have a ring: get to know your size

1. Print this size chart, making sure the «scale» option is unchecked in the print dialog box.
2. Take a wedding band that is worn on the same finger as the ring you want.
3. Position the ring over the circles below to determine the diameter that corresponds to your ring. The diameter of the circle should be perfectly aligned with the inner circumference of your ring.
4. If your ring is between two sizes, choose the bigger one.
